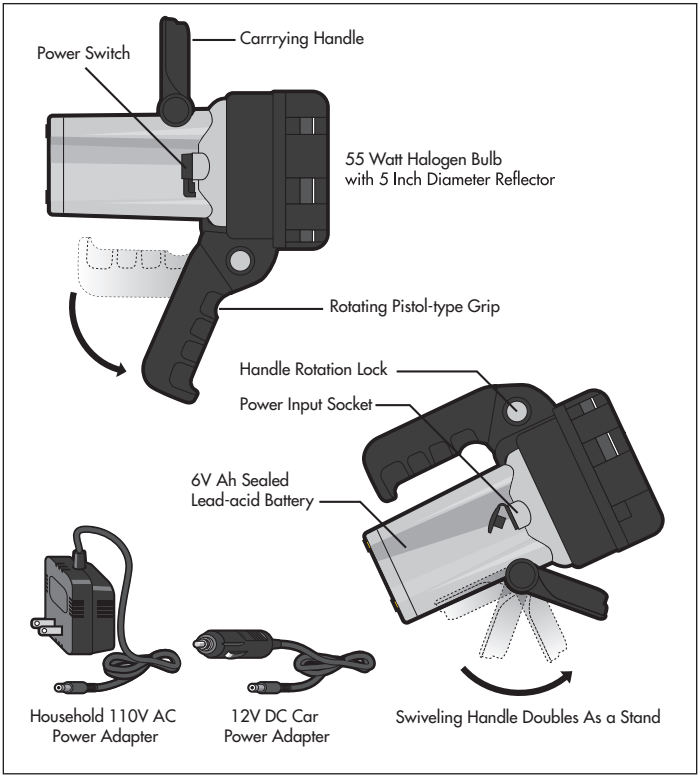
Item no. 2057

EZ Grip Halogen Spotlight

User's Manual

Product Diagram



Thank you for purchasing the EZ Grip Halogen Spotlight by Wagan Tech. With normal care and proper treatment it will provide years of reliable service. Please read all operating instructions carefully before use.

Features

- Adjustable handle can be used as a stand for hands free operation
- Pistol-type grip handle with locking switch for convenient carrying or holding positions
- 55 Watt halogen bulb with large 5 inch diameter reflector
- Runs up to 25 minutes on a full charge
- Light can be seen up to one mile away
- Rechargeable 6V 4Ah sealed lead-acid battery

Caution

- Keep out of reach of children.
- Do not use in wet conditions.
- Store in a clean, dry environment.
- Do not charge the unit continuously for longer than 24 hours.
- Do not use if the unit is damaged in any way.
- Never short the terminals of the internal battery while charging.
- The lens will become hot after prolonged use.
- Do not attempt to disassemble the battery or remove any parts from the battery terminals.
- Before disposal, protect exposed terminals.
- Never look directly into the light.

Operation

- Use the power switch to turn on the light.
- To use the pistol grip, twist the pistol grip into position while pushing in the handle rotation lock.

Charging the Battery

- The internal battery will need to be initially charged for approximately 2 hours before first use.
- To charge using the 110V AC power adapter, plug the adapter into a standard compatible wall socket. Attach the other end to the power input socket of the spotlight.
- To charge using the DC adapter, insert the cigarette plug into the car's cigarette lighter socket. Attach the other end to the power input socket of the spotlight.
- Only recharge the battery with the included adapters.
- Avoid charging the battery at temperatures below 4 °C or above 40 °C.
- The spotlight should be kept fully charged when not in use. If the spotlight is to be stored away then it should be recharged every 6–8 weeks. Always ensure the power switch is in the OFF position when not in use.
- If the charge is very low the battery will take approximately 6–8 hours to reach maximum capacity when using the supplied adapter. However, a 4 hour charge will provide a usable amount of charge.
- It is advisable to recharge the spotlight after each use.
- The battery does not need to be fully depleted before recharging.
- The lifespan of the battery is dependent on how well it is treated; the more it is used the longer it should last. It is not possible to predict how long the battery will last, but approximately 40 charge and discharge cycles should be expected from a well maintained battery.

Replacing the Halogen Bulb

- Unscrew the retaining ring around the lens.
- Remove the lens.
- Pull out the reflective lens cone, enabling access to the bulb.
- Disconnect the spade connector.
- Unclip the spring clip
- Pull out the bulb (IMPORTANT: Do not touch the glass of the bulb, handle by the base only)
- If necessary, clean glass with methylated spirits and a soft cloth.

Battery Replacement & Removal

- The lead-acid battery in this spotlight has a normal service life of many years. When the battery does expire, it should be removed from the spotlight for recycling. Please contact your local solid waste authority for recycling information.
- To access the battery, unscrew the retaining ring around the lens.
- Underneath is a bracing plate with four corner screws. Remove these screws.
- Remove battery and switch assembly from flashlight housing.
- Slide back plastic protectors from battery terminals.
- Use the screwdriver to depress the tabs on the battery terminals. The wires are reattachable.

Specifications

- Dimensions: 7 x 6 x 8.75 in
- Net Weight: 4 lbs.

WAGAN Corp. Limited Warranty

All WAGAN Corporation products are warranted to the original purchaser of this product.

Warranty Duration: This product is warranted to the original purchaser for a period of one (1) Year from the original purchase date, to be free of defects in material and workmanship. WAGAN Corporation disclaims any liability for consequential damages. In no event will WAGAN Corporation be responsible for any amount of damages beyond the amount paid for the product at retail. In the event of a defective item, please contact WAGAN Corporation at (800) 231-5806 to obtain a Returned Merchandise Authorization number (RMA#), and return instructions. Each item returned will require a separate RMA#. After you have received the RMA# and the return instructions from WAGAN Corporation, please follow the instructions and send the item with PREPAID SHIPPING, along with all of the required documentation, a complete explanation of the problem, your name, address and daytime phone number. WAGAN Corporation will, at its option, replace or repair the defective part.

A Returned Merchandise Authorization number (RMA#) is REQUIRED when sending in any defective item. WAGAN Corporation is not responsible for any item(s) returned without an official Returned Merchandise Authorization number. The item(s) must be returned with prepaid shipping. WAGAN Corporation is not responsible for any shipping charges incurred in returning the item(s) back to the company for repair or replacement. This warranty is void if the product has been damaged by accident, in shipment, unreasonable use, misuse, neglect, improper service, commercial use, repairs by unauthorized personnel or other causes not arising out of defects in materials or workmanship. This warranty is effective only if the product is purchased and operated in the USA and does not extend to any units which have been used in violation of written instructions furnished.

Warranty Disclaimers: This warranty is in lieu of all warranties expressed or implied and no representative or person is authorized to assume any other liability in connection with the sale of our products. There shall be no claims for defects or failure of performance or product failure under any theory of tort, contract or commercial law including, but not limited to negligence, gross negligence, strict liability, breach of warranty and breach of contract.

Warranty Performance: During the above one (1) Year warranty period, a product with a defect will be replaced with a comparable model when the product is returned to WAGAN Corporation with an original store receipt. The replacement product will be in warranty for the balance of the one (1) Year warranty period.
